Excellent Class, excellent instructor, his experience brought value to the classroom and the students. This class was an elective for me , I am happy I took the class. I recommend for any one to take this course

Michael is a wonderful educator. He brings real life experience to the course and relates work experience to education.

I think that the way Michael presented the material, confirmed to me that I was on the right career path. He used personal stories, which helped us to connect the course materials to everyday life.

The break patterns was also a plus.

I think Mr. Alleruzzo is one of the best professors that you have, he was very clear and concise with his subject matter as well as his expectations of you. He was very easy to talk which made for great group discussion. I looked forward to and enjoyed going to each and every class. I wish he was a full time professor so he could teach more courses. Thank you Drexel great personnel decision he's truly a keeper.
